

98Key IC Card & MSR KBD PP311

Solutions

- 98 keys POS Keyboard
- SCR & MSR Device that reads quickly and accurately
- Provide key lock system
- Electronic Payment System with secure function
- Provide basic Uni-Mapper's software
- Manufacture by our own technology, "Made in Korea"
- Provide the best Customer Service rapidly

Application

Specification

Category		Specification
SCR&MSR	SCR USB Interface SCR Certification MSR Track Position	FTDI USB Serial Converter EMV LEVEL 1,2 Certification / KTC Certification Track2
Controller	Interface Power Supply Keyswitch Key code	USB DC 5Volt, Max 150mA Membrane Type Download from our website (Provide uni mapper S/W)
Mechanical	Size Total Travel Peak Force Key Life Cycle Key Layout	320.0(L)X165.0(W)X53.0(H)mm 3.0±0.5mm 55±10g 10 million times 98Key
